

ACTION LAND

The MOST EXCITING
destination in
Cartoon Network!

CartoonNetwork.com

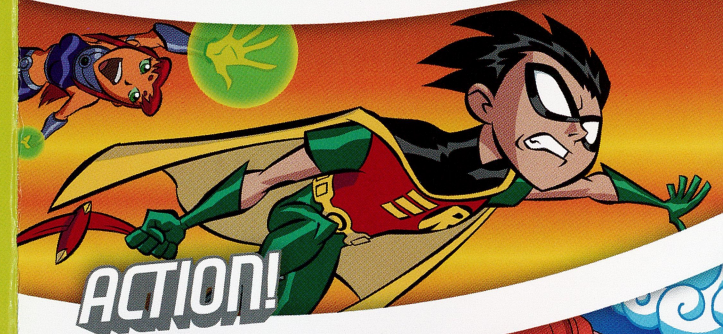

DIRECTIONS:

(Take exit 97 north to Toonami Town. Hang a right over by Scott's house. Then, go like 6 or 7 blocks to that street with the place on it. You know, that place over by Little Miguzi. Then go like a hundred miles. Seriously. But watch out for a weird turn thing. Like a circle, only it's when a road goes two ways. A fork! Yeah, a fork in the road or something. Take that, and then start looking for signs. It's so easy.)

ACTION LAND HAS AMAZING RIDES

IGPH

IGPH Go-Karts

Get strapped in for the ride of a lifetime. IGPH Go-Karts go where other karts fear to travel. And they go fast. Really, really, really fast. We're talking, face distorting fast. So fast you leave your brain at the starting line, and before you know it, you're crossing the finish line. Only you don't know it because you don't have a brain. Now that's fast.

NARUTO

Naruto's Ninjapult

You'll be a weeping, jelly-kneed baby as you soar hundreds of feet over the Earth with nothing more than a wing and a prayer. Well, not even a wing, really. It's just like a big giant catapult, only with lots of Ninja kicking. It's a big kicking catapult! Naruto and his buddies are ready to sling you skyward AND kick your butt. What fun!

ROBOTBOY

The Robotcoaster

Where speed and metal meet head on! There's no stopping Robotboy as he straps you in and sets you off on the ride of a lifetime. Yelling will not help. Screaming will fall on deaf ears. Holding on for dear life is all you got – as long as the car stays on the track.

ACTION LAND HAS SHOW STOPPING SHOWS

BEN 10

Ben 10 at 10

Everyday at 10 o'clock, Ben Tennyson takes the stage for his one-man show. It's action and adventure as Ben morphs from one superhero to another, fighting monsters and thugs along the way. Please, no flash photography or quick movements.

DRAGON HUNTERS

Dragon Hunters

One of ACTION LAND'S most popular shows. When Dragon Hunters take the stage, you can be sure there is going to be a lot of fire and brimstone flying around! Proof of insurance required.

TEEN TITANS

Real World Teen Titans

What happens when Cyborg disrespects Raven? And what is up with bad boy roommate Beastboy? You've got to see it live to believe it.
